SWS would like to introduce our new Oregon sales representative, Shane Gutridge. He is an Oregon native and lives in Wilsonville, Oregon, with his wife of 19 years and 2 kids. His daughter is a senior in high school and his son is a 7th grader. When Shane is not working, he volunteers as an assistant coach, plays golf, likes to hunt and also supports his family in all their sporting activities.

Shane's territory is all of Oregon and sells Sewer Equipment, IBAK pipeline inspection systems, the Advantage Endless chain roll-off hoist, Petersen lightning loaders, Larue snow blowers and a variety of other items. Shane started in this industry in the mid-gos and is extremely knowledgeable when it comes to the equipment he sells. Please welcome Shane to the SWS team for sales in Oregon. We are very excited to have such an experienced and dedicated person on board.

Featured Employee - Chris K.

Chris Keesler is the Director of Operations in Western Washington and has been with SWS for almost 7 years. He oversees the day to day operation of our Service and Parts departments and also works on trucks at the Western Washington shop in Tacoma.

Chris grew up in a logging and fishing family in Hoquiam, Washington. When he was little he always dreamed of working on large truck engines. When Chris turned 18, he moved to Olympia and to this day, still calls it home. Chris enjoys riding his Harley, boating, fishing, crabbing, shrimping and spending time with his family and friends. A few interesting facts about Chris are; he is a cancer survivor, he was raised by his grandma and two aunts, and he is super close to his kids and spends most of his after-work hours with his 4 year old grandson, Jace.

Chris has been in the refuse, street sweeping and sewer equipment industry for over 17 years and has received multiple certifications including; Caterpillar, Cummins, Detroit rebuild certification, Master ASE Certification for medium, heavy trucks and a Hydraulic Diagnostic/ Rebuild Certification. His passion for working on large trucks is evident in the many hours of work he puts in at the Tacoma shop. Chris is a key component in the success and growth of the Western Washington location and SWS is truly grateful to have such a dedicated person on the team.

New & Demo Trucks

2019 Peterbilt 520 w/ Wittke Starlight

STOCK PHOTO

Demo 40 Yard Front loader equipped with 20 sec. complete pack cycle time, 12- 14 sec. complete lift arm cycle time, 8,000 lbs. lift capacity, Plowshaped packer panel and more. #180007

2019 Peterbilt 520 w/ Wittke Starlight

STOCK PHOTO

Demo 40 Yard Front loader equipped with 20 sec. complete pack cycle time, 12- 14 sec. complete lift arm cycle time, 8,000 lbs. lift capacity, Plow-shaped packer panel and more. #180032

Demo Trucks

One of the many things that differentiates SWS from its competitors is the fact we have at least one demo of each type of product we sell, rent and service. We want our customers to be at ease with the process of making their decision to purchase equipment from SWS. The benefits are huge when customers are able to put a piece of equipment or truck through the rigors in order to know it's the right fit.

Over the last few months we have received many new demo trucks. One we are all excited to see is Sewer Equipment's 900 ECO. Sewer Equipment is a new line we started selling in May of 2018. This truck is a true performer when it comes to Combination Sewer trucks. It has all the bells and whistles and is super easy to operate and maintain. Another demo truck we have in stock is the RapidView Pipeline Inspection truck. This truck is loaded with all different types of cameras to help evaluate and maintain pipelines. Our top of the line grapple truck is a Petersen Lightning Loader. This truck is loaded with all available options and enables a single operator to load, haul and dump trash. If you are looking for a container carrier, SWS has a few different options available to demo. Our Advantage Endless Chain Roll-Off hoist has 22 feet of usable rail and a 60,000 lifting capacity. We also have a Demo Stellar Slider 40 Hooklift. This hooklift is capable of loading, unloading and dumping various bodies with lengths ranging from 12 feet to 16 feet with the use of a hexagonal sliding jib. If you are in the market for a refuse, street maintenance or sewer/ pipeline inspection truck, visit SWS and demo the best products available before you make your decision to purchase.
