

SWS SOLID WASTE SYSTEMS

STREET WASTE SEWER

SPRING 2016

NEW WEBSITE DESIGN

SWS is pleased to announce the launch of our newly designed website! After many months of hard work, we have a website design with a fresh new look, a user-friendly navigation and updated daily with the latest

information about our products and service. Our new website's user-friendly navigation makes it easy to find In-Stock products, manufacturers that we sell, existing projects that we have done, Parts and Services that we offer and much more. Take a look at SWS's new website at the same URL, www.solidwastesystems.com.

OUTSTANDING SERVICE

SWS is not your typical service department. We take great pride in offering outstanding customer service that goes above and beyond. Our certified technicians take excellent care of your equipment and you. They have a wealth of knowledge and are happy to share it with our customers. Not only do we have two full-service locations, we offer mobile and after hours service as well. We also service all brands of street, waste and sewer equipment, not just the equipment we sell. Each location has a fleet of fully stocked service trucks, which travel through Washington, Idaho and Montana. When you're in the need for a great technician for your street, waste or sewer equipment, call SWS.

FEATURED EMPLOYEE

Jim Breeden, who goes by JB, has been the Service Manager at SWS a little over 2 years. JB moved to the Spokane area a little over two years ago as well, with his wife, son and 5 step sons. His ambition definitely shows at SWS and in his everyday life. When not at work, he enjoys hunting, fishing, outside activities and relaxing at home with his new granddaughter. JB always goes above and beyond when it comes

to work. He is always trying to help others and is very dedicated to SWS. When asked what he likes most about SWS, he says "the family atmosphere, everyone working here is like family. We all work hard and have fun together and are willing to help the other to make sure the customers are happy". JB is a huge asset to SWS and we are very lucky to have such a hardworking and dedicated person managing our service department.

New & Demo Trucks

2017 Peterbilt w/ Wittke Starlight

Demo 40 Yard front loader equipped with 20 sec. complete pack cycle time, 12-14 sec. complete lift arm cycle time, 8,000 lbs. lift capacity, Plow-shape packer panel, and more #160075

SPRING 2016

Take a look at our newly designed website:
www.solidwastesystems.com

Schwarze and SWS A Winning Combination

Founded in 1974, Schwarze Industries is known worldwide for their durable, high quality street sweepers. They have two manufacturing locations, one in Huntsville, Alabama and the other in Carole Park, Australia. With more parking lot and street sweeper models to choose from than any other manufacturer, Schwarze takes pride in using a Total Performance Teamwork concept to produce, maintain and market their sweepers. They offer two different types of sweeping technology - Regenerative Air technology that utilizes a cyclonic effect with air and second, the mechanical sweepers that utilize a large main broom on the back that flicks material into a conveyor. SWS has been a dealer of Schwarze since 2009. We offer a fully stocked parts department in Spokane, WA with everything Schwarze you could possibly need. Our in-house and mobile service will keep your sweeper on the road. The reputation and performance of both Schwarze and SWS is a winning combination when it comes to purchasing your next sweeper.
